

What is VERG?

VERG (Vermont Elder Resource Group) is a broad cross-section of organizations (non-profit and for profit) and individuals who work with seniors. Our membership of over 50 organizations includes elder law attorneys, communities where seniors reside, medical & non-medical home care, financial advisors, the Alzheimer's Association, Age Well, and many others. The group started in 2006 with an interest to better serve seniors and their families by building connections between professionals in many disciplines.

We meet monthly (the 3rd Tuesday at noon) for an hour. Many of our sessions are educational, and other meetings are opportunities for networking and learning about existing and new services and programs in the area. We also have a couple of fun, social events each year!

VERG is incorporated as a non-profit corporation. In addition to networking and educational opportunities one of the benefits of being a member is that your organization and a description of the services you offer are listed on our web site. www.vergvermont.org

If you are interested in learning more about VERG or would be interested in coming to one of our meetings to see what we offer please contact any of the Board members listed below. You may also visit the website and complete an Intake form (information icon at the top toolbar) to become a member

VERG Board Members
